

\$30,000 collectibles. Studio-ready in a day.

Graded collectibles worth \$30,000+ photographed to a premium finish across 100 SKUs in under a day, without a studio.

SKUS COVERED

100+

CREATIVES IN MINUTES

THE PROBLEM

A 500+ SKU catalogue included collectibles worth \$30,000+.

Every image needed a premium finish and exact product detail.

A conventional studio workflow could not move fast enough.

THE BREAKTHROUGH

LocalAds ran a managed photoshoot workflow across more than 100 SKUs, producing accurate, studio-grade product imagery in under a day. Freshwater now uses the work across its Instagram presence.
